Kit fee: \$10 includes sample fabrics and supplies to try out techniques demonstrated
- 2C.** Pieced Bias-Cut Skirt with Flare  
Kit fee: \$5 includes illustrated pattern for skirt  
Student supplies: BSS, fabric: the skirt works best with pre washed fabric that drapes on the bias (no twill or microfiber) see instructors website <http://www.fashioninharmony.com/pages/fabricbiascut.htm> for information about what fabrics drape well on the bias. To make a pieced bias-cut skirt, we will be following the directions in my Thread's Magazine article in the June/July 2012 issue. That pattern uses 5 different fabrics and the article specifies how much of each. The basics are 1/4-1/2 yard of 4 fabrics, and one yard of the 5th fabric. If you would like more specifics and do not have the magazine issue, contact the instructor at [julianne@fashioninharmony.com](mailto:julianne@fashioninharmony.com). You can use more fabrics, in smaller pieces, so they add up to the amounts listed in the article. If the skirt will be made with one fabric only: 2-3 yards depending on fabric width, size, and length desired. **For all Skirts:** matching thread, 3/4" - 1" wide elastic for waistband, optional - 1/2 to 1 yard of a contrasting fabric to make flat piping and/or bias trim

### **Deb Canham**
