

# ASG Conference 2022 Kit Fee & Class Supply List

The following are **Basic Sewing Supplies** that should be brought to classes noted with (BSS).

**BSS:** Pins, needles (hand), thread (light & dark poly), scissors (paper& fabric), seam ripper, seam gauge, measuring tape, thimble, marking tool.

**Be prepared for class. Bring all the listed supplies for the applicable classes. If a class is not listed, additional supplies are not needed. For all classes, bring pen/pencil and a notebook to take class notes. Please request permission from the instructor before taking photographs or taping a class or lecture. Kit fees are payable to the instructor at the time of class.**

## Julianne Bramson

### 01A. **Master Piecing** (taught by J. Bramson and R. Ciemnoczolowski)

Kit fee: \$35 includes instructions, fabrics, and supplies for the pieced fabric sample.

Student supply: BSS, Marking tools of choice. Small/Medium cutting mat, ruler, rotary cutter.

### 01C. **Bias-Cut Cowl Scarf**

Kit fee: \$15 includes instructions for scarf and variations, fabrics to construct your own scarf and thread to match. Julianne will bring assorted fabrics for students to purchase if they wish to make more scarves.

Student supply: BSS, your preferred marking tools.

**\*Please Note:** If you would like to bring your own fabric, please bring ½ yard of woven fabric with good drape, suitable for a scarf. If you would like to wash your scarf, wash the fabric in advance. Please do not bring sheer, slippery, or velvet fabrics unless you are comfortable sewing such fabrics on unfamiliar machines. Some suggestions are Rayon Challis, Crepe (all fibers as long as it is not sheer), Linen or Cotton that has an open weave and has been softened with washing, Silk Charmeuse or Satin. If you are comfortable sewing on polyester, you can bring it, but it can be challenging on unfamiliar sewing machines especially if it is satin weave. Thread to match fabric. Optional: Especially helpful if your fabric cannot be ripped on grain, bring a cutting mat, ruler, and rotary cutter. If your fabric can be torn on grain, then all you need is a tape measure and good fabric sheers.
