## **Leslee Montgomery**

### **13A. Up Cycling Thrift Store Shirts**

Kit fee: None

Students supply: BSS (especially a good seam ripper, fabric scissors and small sharp pair). One (1) thrift store man's long sleeve cotton dress shirt. You'll want to find one that fits your shoulders and collar (although you may never button the collar). I prefer the front button placket to be a fold over and stitched rather than no placket. I love all men's shirting material, but for this project choose a heavier cotton, not the thin wrinkle resistant fabrics. Choose a solid color, maybe a stripe or a subtle pattern, not white.

A few coordinating fabrics with designs/images (3-7 pieces for a total of about 1 ½ - 2 yds).

Thread (does not need to match), ribbons or braiding, etc.

Two (2) packages applique straight pins (I prefer the brand Clover, they are about ¼" long and have a white head (can be found for a good price on Amazon)).
